

Protecting your rights in business and insurance matters.

MARCUS & MYERS, P.A.

Lee W. Marcus

Property & Casualty Insurance Claims

Marcus & Myers has a first party and third party property and casualty insurance practice.

We are available to assist you in a range of first party claims related to property damage, including: commercial multi-peril, commercial wind, personal coverage, sinkholes, mold, fire, theft, business interruption, and diminution in value.

Services are available to business owners, shopping centers, hotels and motels, dentists, doctors, retailers, restaurants, health clubs, sports facilities, auto dealers and others.

Claims arising from commercial and personal lines of liability coverage are frequently managed by the attorneys of Marcus & Myers, including:

- Automobile accidents
- Dog bites
- Product liability
- Slip and fall
- Wrongful death

motorist claims, personal injury protection (PIP) or medical payments claims.

When reimbursement for unnecessary medical treatment is requested as part of a claim, we thoroughly investigate the circumstances to allow reasonable expenses and disqualify potential over payments.

Fraudulent claims or the presence of fraud rings are prioritized as we always seek to identify false claims and save clients money. With Florida and other insurers under increasing pressure to reduce rates and increase coverage, the need for early fraud detection can save millions of dollars for both carriers and policy holders.

The attorneys of Marcus & Myers are approved by the State of Florida to offer over 20 different continuing education seminars for insurance agents, brokers, and others.

Contact Office Administrator Melissa Busby at mbusby@marcusmyerslaw.com or 407-447-2550 x306 to schedule an appointment with an attorney to discuss your case.

The firm is also available to handle uninsured
